- Residence: US

I am

Lauder '90, Portuguese

a Lauder Bay Area Coordinator (US)

not from the US, which defines me in many ways

interested in others' points of view

OK giving an unpopular opinion if I feel it's needed

really good at creating focus, then laying out actionable steps

I have

a very non-US centric outlook

a strategic way of thinking, AND the ability to find the i that wasn't dotted

grit and resilience - one kid was paralyzed in an accident, another had leukemia

a background in consulting and asset management,

a strong interest in bringing capitalism to sustainability

a cooperative, inclusive, pragmatic style

I like to

mentor and empower future leaders

hike, bike, ski, and sail

dance to Latin music

travel!!!

I want to join the Lauder Board cause

Lauder STILL means a lot to me - I keep encouraging people to attend

We've grown and we need to refine our strategy to stay excellent

I want to give back now that I can

I see myself contributing

primarily Time & Talent (sorry, not much Treasure!)
focusing on strategy
listening & reflecting
clarifying what needs to be done
and setting up a structure to both do it AND fund it

With Lauder Love,

Audrey
